

DESCRIPTION

SP-ARL 100W Line Array Column Loudspeaker is a high-performance audio solution designed for superior sound clarity and coverage in a variety of indoor and outdoor applications. Engineered with advanced line array technology, it delivers consistent, well-balanced sound with minimal distortion, making it ideal for auditoriums, conference halls, houses of worship, and commercial spaces.

FEATURES

- **Advanced Acoustic Design:** Utilizes a line array configuration to ensure even sound dispersion across a wide area.
- **Superior Sound Performance:** Full-range frequency response delivers balanced lows and mids, and crisp high-power handling capacity ensures robust performance in demanding environments.
- **Durable and Aesthetic Construction:** Rugged and weather-resistant enclosure, making it suitable for outdoor use.
- **Versatile Installation Options:** Can be wall-mounted, pole-mounted, or suspended for flexible positioning.
- **Reliable and Efficient Operation:** compatible with various audio systems, including PA systems and professional sound setups.
- **Line Array Technology:** Ensures even sound distribution with minimal attenuation over distance

SPECIFICATIONS

Rated Power	100W (400W peak)
Drivers	4 x 3-inch ferrite
Impedance	8Ω
Color Options	Black or White
Maximum SPL (Peak)	123dB
Frequency Response	150Hz~14kHz, -6dB; 80Hz~20kHz, -10dB
Dispersion Angle (-6dB)	Vertical > 20°, Horizontal > 120°
Dimensions (L x W x H)	530 x 100 x 150 mm
Net Weight	3.80 kg
Gross Weight	5.08 kg
Housing Material	ABS plastic mixed with glass fiber
Grille Material	Aluminum
