

SP-WMO20W/40W/50W

DESCRIPTION

SP-WMO20/40W/50W is a high-performance 20W/40W/50W wall-mount speaker designed for superior audio delivery in both indoor and outdoor environments. With its rugged IP66-rated waterproof construction, this speaker ensures reliable performance in challenging weather conditions, making it ideal for public spaces, educational institutions, transportation hubs, industrial areas, and commercial venues.

FEATURES

- **Powerful Sound Output:** 20W/40W/50W of high-quality sound with clear audio reproduction for music and announcements.
- **Weather-Resistant Design:** The IP66 waterproof rating protects against dust, heavy rain, and harsh weather conditions.
- **Durable Construction:** High-impact ABS housing and corrosion-resistant grille for extended outdoor durability.
- **Wide Sound Coverage:** Optimized driver design ensures consistent sound projection over a broad area.
- **Flexible Mounting Options:** An adjustable wall mounting bracket allows precise installation and directional audio coverage.
- **Versatile Applications:** Suitable for both background music and voice broadcasts in demanding environments.
- **Stylish and Compact Design:** A sleek, modern appearance that blends seamlessly into any architectural style.
- **Durable Construction:** Built with high-grade materials for long-lasting performance and resistance to environmental damage.
